

VIGILANCE AWARENESS WEEK - 2018

“Vigilance Awareness Week” was observed in our school from 29.10.2018 to 03.11.2018. Vigilance Awareness is a topic with a vast expanse of thinking and gravity. Taking the standard of the children into account, corruption was chosen from under this banner of thought and a general assembly was conducted in this regard. Students of Std. VII presented a tableau and a mono-act to emphasise on the ill-effects of corruption and its harsh repercussions on the future generation.

The concept “Eradicate Corruption – Build a New India” was well depicted through a tableau that threw light on the red tape and bureaucracy prevailing in today’s system of governance. Ethics and integrity during examination was well asserted through a mono-act that instilled the importance of values in the minds of children.

Students of class VI introduced the theme explaining that the undercurrent of all ways of corruption lies in egoism leading to “I” and then “We”. This was further elucidated with an enactment of a skit namely “Gandhi in EB Department”.

The facilitator of the assembly shared his reflection on the spirit of competition with an attitude of 'compete with'. Right attitude towards competition makes the students more mature and complimentary to each other. The assembly culminated with the "Integrity Pledge" being recited by the children of all classes. The assembly was a revelation to be more altruistic in life.

Following are the pictures depicting the various events conducted in view of the "Vigilance Awareness Week"....

Mono-Act presented by class VII student on the ill effects of corruption.

Students of class VI enacted a skit "Gandhi in EB Department"

“The duty of youth is to challenge corruption and let’s give a strong beginning now” - A tableau presented by class VII students to emphasise on how important it is to eradicate corruption in our lives.
