

Bhaasha Sangham

“Ek Bharath – Shreshtha Bharath” – Bhaasha Sangham program was successfully conducted in Springdays in order to celebrate the Linguistic Diversity of India. The programme was aimed to celebrate the spirit of National Integration. The program was conducted by the VIII Graders from 20.11.18 to 21.12.18 under the guidance of the teachers.

22 different languages were introduced to the school students. 3 different students visited the classrooms each day and introduced the language of the day. One child held a placard having the five sentences pertaining to the language of the day. The students in each class were asked to repeat after the representatives who introduced the language. Students belonging to that particular state were given preference to speak the sentences in the classroom.

All the students eagerly participated and have shown a lot of interest and curiosity in learning different languages. The following are the pictures related to the event:

Class VIII student giving introduction about the program Bhaasha Sangham

Students were introduced to the Assamese language by a volunteer.

A student explaining how to introduce yourself and greet others in Hindi language.

Kashmiri language is introduced to the students by the VIII grade students.

Students introducing the Konkani language to their fellow students.
